#### **MODEST HIRING CLIMATE ANTICIPATED FOR REGINA**

(Regina, SK, March 13, 2018) – Regina area employers expect a modest hiring climate for the second quarter of 2018, according to the latest ManpowerGroup Employment Outlook Survey.

“Survey data reveals that 20 per cent of employers plan to hire for the upcoming quarter (April to June), while 10 per cent anticipate cutbacks,” stated Stepan Arman of Manpower’s Regina office. Another 70 per cent of employers plan to maintain their current staffing levels in the upcoming quarter.

“With seasonal variations removed from the data, Regina’s second quarter Net Employment Outlook of six per cent is a four percentage point increase when compared to the previous quarterly Outlook,” said Arman. “It is also an increase of 10 percentage points compared with the Outlook reported during the same time last year, indicating a fair hiring pace for the upcoming months.”

“The second quarter of 2018 is expected to see steady gains for Canadian job seekers,” said Yvonne Tennenbaum, Regional Director for Manpower Canada. “While Canada experienced a net loss of jobs in January, prospects for the upcoming quarter remain strong, led by exceptionally strong growth in Quebec where employers are hiring across multiple sectors.”
